To commemorate the formation of 'The Rifles' and to celebrate its historical lineage, I have created three 'Limited Edition' sculptures for you to commission and own.

Each figurine will be cast at commissioning, making them an individual memento of this occasion. Both statuettes are historically accurate and dynamically posed to demonstrate yours and my pride in the 'Regiment'.

'Chosen Gnome Blunt'

94th 1/3rd of Foot

(Height: 225mm Width: 90mm)

'Call to Arms'

Chosen Man 95th Rifles

(Height: 305mm Width: 85mm)

'The Breach'

Light Infantryman Circa 1808

(Height: 225mm Width: 85mm)

Upon receipt of a commissioning (order) individual 'Limited Edition' sculptures will be cast and finished to a 'forged iron' effect, then dispatched with complimenting plinth, titled plaque and certificate of authenticity.

Artistic Note: These statuettes are not manufactured items; each is hand-cast in my studio. And because of this no two castings will be exactly the same, adding to their uniqueness. Both originals have been patiently sculpted in wax by myself and so are not gift items but 'Art-works' and as such the history (tool marks, fingerprints and wax layering) of each piece is visible in the final casting.
